#### **ACTIVITIES:**

##### **Procurement:**

At Origin Offshore Trading we procure a broad range of refined petroleum products and crude oil throughout Africa, Europe, Asia and America. The products include Dual Purpose Kerosene (DPK), Automotive Gas Oil (AGO), Petroleum Motor Spirit (PMS).

##### **Trading:**

In line with our vision we are the leading indigenous leading physical trader of petroleum products in Nigeria. We trade large volume cargoes to major Oil marketers in the country as well as independent marketers.

The company's trading activities in this period of extremely volatile oil prices has made it necessary to develop a derivative position that provides services to customers who require pricing stability.

Origin Offshore Trading is a recognised leader in Oil trading, actively making market in the financial and physical products, with contracts ranging from spot to term.
